elago has been designing and creating products out of San Diego, California since 2002.

Through constant improvements and a focus on customer care, the company has grown and established bases in almost every continent.

As a design company, our focus is on creating things that are useful and beautiful. Our designers are instructed to create products that they themselves would love to use.

In doing so, we are confident that when a product reaches your hands, you will fall in love with it!

High quality products matched with our exceptional customer service is a combination that will give you the confidence to shop with us for years to come.
